Choosing and ordering printer consumables is now easier for resellers and distributors than ever before thanks to our Citizen Consumables Program.

Here are five key reasons to take advantage of the Citizen Consumables Program:

- Effortlessly choose between many different Citizen label packs, which are specifically designed for use in logistics and warehousing, chemical and laboratory, electronics, and food
- Printer media packs are optimised so that the perfect number of ribbons are delivered to print a pre-specified number of labels, minimising waste for end users
- Labels are available from a single, trusted source at attractive and competitive prices
- Order printer media 24/7 via an easy to navigate online platform, with every order delivered on time and to specification
- Printer media of a higher value is offered in smaller packs to keep costs favourable to the user and prevent wastage.

Consumables from Citizen are tested and optimised to meet the needs of Citizen printers. This ensures printers deliver exceptional performance on a consistent basis and guarantees longer printer life - boosting cost-efficiency and reliability to bring greater peace of mind to users.
