System Compliance	Wi-Fi® ACPI 3.0	Mobile PC 2002 DMI 2.0	
Warranty	One-year International Travelers Limited Warranty (ITW) ⁵		

- Overall system performance is based on several PC attributes. GHz, processor clock speed, is one of the attributes.
- Shared system memory will be allocated to support integrated graphics, depending on system memory size and other factors. Actual system memory available to the operating system will be reduced by the amount of dedicated and shared system memory utilized by the graphics solution and resources required by the operating environment.
- 1GB is 1 billion bytes. Actual formatted capacity is less and may vary depending on preloaded materials and operating environment.
- Battery life varies depending on product specifications, computer settings and applications or features launched. All batteries' maximum capacity diminishes with time and use.
- For a free copy of the standard limited warranty and users should see a reseller where Acer products are sold or write to Acer America Corporation, Warranty Department, P.O. Box 6137, Temple, TX 76703. TFT displays commonly exhibit a small number of discolored dots, so called "nonconforming pixels." This phenomenon is a limitation of TFT LCD technology, not a product defect and, as such, is not covered by the limited warranty or by the upgrade programs. For International travelers warranty Valid only in countries where Acer has an authorized repair facility. For a list of those countries go to <http://global.acer.com/support/itw.htm> or call (800) 816-2237. Services and response times may vary in countries outside the U.S. and Canada

- Internet access required. First 60-days of live updates included, subscriptions required post 60-days.
- 60-day trial, option to purchase full-version of the Office software will be made after the 60-day trial. All files created during the trial will remain on the PC system regardless of full version purchase.
- Additional fees and conditions may apply.

About Acer

Since its founding in 1976, Acer has achieved the goal of breaking the barriers between people and technology. Globally, Acer ranks No. 2 for total PCs and notebooks. A profitable and sustainable Channel Business Model is instrumental to the company's continuing growth, while its multi-brand approach effectively integrates Acer, Gateway, Packard Bell, and eMachines brands in worldwide markets. Acer strives to design environmentally friendly products and establish a green supply chain through collaboration with suppliers. Acer is proud to be a Worldwide Partner of the Olympic Movement, including the Vancouver 2010 Olympic Winter and London 2012 Olympic Games. The Acer Group employs 7,000 people worldwide. 2009 revenues reached US\$17.9 billion. See www.acer-group.com for more information.
